THE EAGLE ULTIMATE®

As its name implies, the Ultimate is designed to include the most sought-after features in the funeral industry. Eagle Coach Company has engineered this classic coach to be the ultimate in size, quality, dependability and safety, providing funeral directors with a worry-free ownership experience. The Ultimate provides owners with an exquisitely-styled, commercial appearance to serve their community.

Inside, the Ultimate model is as beautiful as it is functional.

Two-tiered wheel well covers, with woodgrain laminate ledge boards and bright aluminum trim, add elegance and sophistication to the rear casket compartment.

A commercial headliner in the driver's compartment allows maximum headroom and driver comfort.

The exclusive Urn Enclave comes standard on the Ultimate and is integrated into the casket floor.

Two 90-degree rollers, a chrome-plated Extend-A-Sill, and a quick-release bier pin complement the exquisite interior.

A full-size, under-floor church truck storage compartment, with easy-access door, is standard.
